*The Problem Is Not Available: 364 Days In Sudan* Anila Prineveau Goldie 2014-12-12 When Anila Prineveau Goldie accepted the job offer to teach in Khartoum, Sudan, she set out to overcome her fear of living in a Muslim country through befriending the local Sudanese. Written in a conversational style, her informative, entertaining, and authentic short stories will inspire you. You will experience a Hadendoa medicine man saving her life, a Muslim family keeping vigil over her when she is terribly ill, a feast prepared in her honor by women from a local mosque, an erotic wedding dance, and mortar fire exploding next to her hotel. She weaves together vivid descriptions of the exotic Sudanese Muslims along with insight, wisdom and lessons learned. A deep respect for all humanity shines through on every page of *The Problem is Not Available: 364 Days in Sudan*.

**Exam 98-364 MTA Database Administration Fundamentals** Microsoft Official Academic Course 2011-07-12 Students who are beginning studies in technology need a strong foundation in the basics before moving on to more advanced technology courses and certification programs. The Microsoft Technology Associate (MTA) is a new and innovative certification track designed to provide a pathway for future success in technology courses and careers. The MTA program curriculum helps instructors teach and validate fundamental technology knowledge and provides students with a foundation for their careers as well as the confidence they need to succeed in advanced studies. Through the use of MOAC MTA titles you can help ensure your students future success in and out of the classroom. Database Administration Fundamentals covers introductory knowledge and skills including: relational databases; core database concepts; relational database concepts; security requirements for databases and the data stored in them; database objects -- such as tables and views; graphical tools and T-SQL scripts; database queries; and stored procedures.

The Forgotten Reign of the Emperor Jovian (363-364) Jan Willem Drijvers 2022 "This book is the first modern scholarly monograph on the emperor Jovian (363-364). It offers a new assessment of his reign and argues that Jovian's reign was of more importance than assumed by most (ancient and modern) historians. This study argues that Jovian restored the Roman empire after the failed reign of Julian by returning to the policies of Constantius II and Constantine the Great. Jovian's general strategies were directed to get the Roman empire on its feet again militarily, administratively and religiously after the failed reign of his predecessor Julian (361-363) as well

as to establish more peaceful relations with the Sasanid empire. For an emperor who ruled only eight months Jovian had an unexpected and surprising afterlife. The rarely studied and largely unknown Syriac Julian Romance offers a surprising and different perspective on person and reign of Jovian. In the Romance Jovian is presented as the ideal Christian emperor and a new Constantine. But the Romance is also an important source for Roman-Persian relations and the positioning of Syriac Christianity in the late antique world of Christendom"--

**364 Days a Year** Sarah Riad 2018-10-24 For most people, March 29th is just another day. For me, it's the day I wake as someone new. A different face and different hands, a body that's not my own. And like every year, I'm only certain of three things. It's my seventeenth birthday. I have no way of stopping this cycle. And I'll die again in 364 days. This year, I'm Effy Garcia. Something is different. Something I can't yet place. Since the year 1909, I have lived in 108 bodies and I have died 108 times. Could this life be my last? What readers are saying "This book was completely different than anything I've ever read. I couldn't put this book down. The first chapter had my heart thumping with excitement, but that epilogue!" - Between Books "364 Days a Year is a fascinating tale where fantasy meets reality... It's a beautiful love story, but not only of young love. It's also about family love and self love." - BellaorevBooks "What a breath of fresh air! 364 Days A Year was one of the most riveting, thought-provoking and unique stories I've read this year." - Yessi Smith, YA Author of Shallow "This book is undeniably a 5 star read and one of the best books this year. I expected to like it but I ended up absolutely LOVING it." - Goodreads Reader "There is so much to love about 364 Days... Riad doesn't disappoint, and just when you start to dry your eyes, she throws you one more reason to grab that tissue box." - One More Paige "The unique storyline and creativity that went into it, is unlike any other YA read I've come across! It was so well written and emotionally captivating." - Goodreads Reader

**The Complete and Up-to-Date Carb Book** Karen J. Bellerson 2006-08-17 The Complete & Up-to-Date Carb Book is the next generation in carb management, providing a quick, comprehensive way for savvy dieters to take control of their food intake and smartly manage their health. By learning how to calculate their net carb intake, dieters will not fall prey to the popular fads in dieting today. Bellerson includes information on calories, fiber and sugar grams, and total carb

numbers for brand-name and generic foods, fast foods, processed and prepared foods, as well as natural foods and snacks. In all, there are more than 20,000 entries ranging from A to Z. The introductory material explains the glycemic index and how to use it, and the importance of fiber and sugars in calculating carbohydrate values. The strategies outlined here are easily compatible with The Zone, South Beach, and other balanced diet plans.
